

# Kelly Kidd, PA-C

Orthopedic Urgent Care Provider

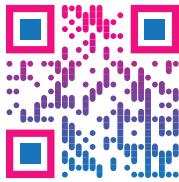

Physician Assistant Kelly Kidd brings the same drive and energy she's long devoted to athletics to her work in orthopedic urgent care. Certified by the National Commission on Certification of Physician Assistants (NCCPA), she enjoys treating a wide variety of patients, including athletes and pediatric patients – a passion shaped by both her medical training and her sports background.

Kelly's interest in medicine began in 8<sup>th</sup> grade, inspired by her athletic lifestyle and love of sports, including volleyball, tennis and skiing. A former Division I athlete, she competed for three years on Butler University's volleyball team before earning both a bachelor's degree and a master's degree in physician assistant studies from Butler's College of Pharmacy and Health Sciences.

Before joining OrthoIndy, Kelly spent several years in pediatric orthopedics, where she developed a strong appreciation for working with young patients and helping their families navigate injuries.

Outside of work, Kelly remains active and enjoys both traveling internationally and exploring national parks with her family. She retired from the USA Deaf Volleyball Team in 2025 after proudly competing in the 2025 Tokyo Deaflympics.
